GREAT DEN OF COUNTERPEITERS BROKE UP-AR-REST OF THE COUNTERFEITERS .- The police of Cincinnati succeeded on Tuesday week in discovering, in the suburbs of that city, and breaking up, one of the most extensive counterfeiting establishments that has ever been known in this country, and also in arresting the counterfeiters. American liberty it seems, has become irksome We require a dash of despotism to give a savor to life. We have had too much happiness, too much comfort; let us try to contail our enjoyments. Let us commence by entting off our grog. Once acensterned to this, the temperance party will effect a junction with the Grahamites, and butcher's meat will be excommunicated. Feather beds and sofas will probably follow, and cigars and tobacco will be placed beyond the pale of the church. All these and other luxuries, are undoubtedly prejudical to th vigor of the leman frame; if once we begin to reg niste the health of individuals by law, consisten will require us to proscribe them, and it is imposble to ray where we may stop. Who knows bo hereafter it may be a statutory offence to be convicted of charrhaga.

A LITTLE INCHEST, -A bachelor friend of our was riding a day or two ago through Athol, in this State, when he overtook a little girl and boy appa ently on their way to school. The little girl appeares to be five or six years old, and was as beautiful as a tairy. Her eyes were lit up with a gleam of intense happiness, and her cheeks glowed with the hues of health. Our bachelor friend looked at her for a motion, and symething like a regret stole over his rand as he looked upon the animated and beautiful little face before him. "No," be answered. "Well, hore," and passed on, still smilling, to tell the joyour news to the next one she might meet. What a world of happiness to her was concentrated in that one idea—the baby! And in her joy she felt as if all must have the same delight as herself; and it was a matter of affectionate pride to her that lifted her lit baby was her world, and what else had she to crave Such was the reflection of our friend, and he re membered it long enough to tell it to us yesterday in State street.—Boston Post,

TRIUMPHANT OVER DISEASE. THIS celebrated medicine, skillfully composed as it is of the most healing balsams and penetrating oils, can never fail to cure almost every affliction that could be alleviated by an external remedy. Its superiority over all other Limiby an external remedy. Its superiority over all other Limi-ments is proven by the miraculous cures it performs, and by the great and conetantly increasing demand. There has been sold within the past year more than THREE MIL-LIONS OF BOOTLES, and there can be but few persons found who do not bestow upon it the highest praise for the rare virtues it possesses. Nothing, perhaps, since the crea-tion of the world, has been so successful as an external reme-dy for all nervous diseases, as this wonderful curative. When availant it increasing the fifteen itself through the whole applied, it instantaneously diffuses itself through the whole system, soothing the irritated nerves, allaying the most in-tense pains, and creating a most delightful sensation. CHRONIC ENLARGEMENT OF THE TONSILS. My daughter, when six months old, was taken with a swelling in the tonsils, which grew larger and larger, till when six years old she had great difficulty in swallowing her food. Every night watch was kept, having she would suffocate. The best doctors attended her but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to outgrow it. With a sad heart I returned home with her, when she became so much worse that the doctors had to be called in again; they decided that the tonsils must be cut off, as the only means of giving relief. My wife would not consent to this, and she determined to try your Limiment, which gave relief the very first application, and by a continued use she entirely re-covered. She is now ten years old and fleshy and healthy as could be desired. Your Limiment is also the best in use for sprains, bruises, cuts, burns, headache, etc., and it will remove the most severe pains in a few minutes. It also cured caked unnder in my cow in a few days.
